

# Team-building at Apple Orchard Mladan

Apple orchard Mladan is an apple farm situated far away from the city noise and asphalt, in a peaceful, beautiful natural oasis . 50km from Zagreb, in the county of Dubrava (Ladina), on the borders of Moslavina and Prigorje region, it covers the area of 12 000 m2. Our farm nourishes ecological farming of apples and pears and produces fruit products such as apple juices, marmalades and apple cider vinegars.

At our farm, there is a possibility of organizing amazing team-buildings for you and your group. Choose one of our already existing, tailored programs or help us design one specifically for you.

Bring your team and build up your team spirit. For that purpose, we organize diverse games, competitions and workshops, suitable for your wishes and needs. We offer you various outdoor sports activities such as soccer, human table soccer, volleyball, badminton, frisbee and more! Test your coordination on the obstacle course or test your precision and tactics with a bow and arrow. Furthermore, we can arrange exciting culinary competitions and, always popular, karaoke competitions. Contact us and let us organize an unforgettable team-building experience for you and your employees.

## „THE OLYMPIC GAMES“

### Food and drinks

Welcome drink (lokal shots and liqueurs)

Cold appetizers (bacon, homemade sausages, ham, homemade cheese, bread)

#### **Main course:**

Soup, 'peka' veal with potatoes and vegetables, roasted chicken with 'mlinci' and vegetables, mixed salad

#### **Drinks:**

Open bar (homemade apple juice, coca cola, fanta, water, sparkling water, coffee)

#### **Desserts:**

Apple strudel, cherry cake

### ITINERARY:

Upon the arrival, the group is welcomed by the host with drinks and cold appetizers, After a short refreshment, the team goes for an educational walk through the orchard. The educational path is 1,4km long and is accompanied by the host (cca 1h). The team learns about the ecological apple farming, preservance of plants and nature, apple production and processing and historical and natural characteristics of county Dubrava. After the walk, the team passes the obstacle course, guided by a kinesiologist, as a preparation for the 'olympic games'.

After the successfully finished obstacle course, the team is divided into groups and competitions begin. Teams compete in the following activities:

**Tug of war (Rope pulling)**

**Tic-Tac-Toe**

**Sack race**

**Mini football**

**Badmintonu**

**Volleyball**

After the competitions, the team has free time for walks, relaxation, sunbathing, fishing or other activities..

Program duration: 8h

**Price: 400kn/person**, VAT included (min 15 people, max 50 people)

\*possibility of additional options: organized transport, unlimited alcohol consumption

## „GASTRO“

### Food and drinks

#### **Desserts:**

Apple strudel, cherry cake

## ITINERARY:

Upon the arrival, the group is welcomed by the host with drinks and cold appetizers. After a short refreshment, the team goes for an educational walk through the orchard. The educational path is 1,4km long and is accompanied by the host (cca 1h). The team learns about the ecological apple farming, preservice of plants and nature, apple production and processing and historical and natural characteristics of county Dubrava.

After the walk, the group is divided into teams which prepare for the venison stew cooking competition. Teams get equipped with recipes, ingredients and all the

equipment necessary for the preparation of a delicious meal. Applying teamwork, cooperation and under the guidance and help of an instructor, the teams start the competition. Presentation, tasting and winning team announcement follow.

After the stew cooking competition and time for lunch, the team has free time for walks, relaxation, sunbathing, fishing or other activities..

## CUSTOM MADE TEAM-BUILDINGS

Team - buildings designed specially for you and your team.

Let us prepare a team – building according to your team's needs and wishes. Combine elements of our already existing programs or introduce new ones, depending on the team's possibilities, preferences and interests.
